

Angel Oak Financial Strategies Income Term Trust

The Angel Oak Financial Strategies Income Term Trust (“FINS”) is a closed-end fund that seeks current income with a secondary objective of total return. The Fund utilizes a banking sector debt-centric strategy, which exhibits low historical correlations to other areas of the market. The investment highlights of the Fund include:

- Access to a niche market segment.
- Focus on high quality credit with at least 50% of the Fund’s depository institution debt investments publicly rated investment grade or, if deemed unrated, scored as investment grade by Angel Oak’s in-house proprietary BankSURF credit-quality assessment model.
- Asset class duration historically uncorrelated to interest rates.
- Benefits from Angel Oak’s extensive resources and expertise in actively managing community bank debt investments.

PRICE/NAV HISTORY (AS OF 6/30/20)

SECTOR BREAKDOWN

The portfolio is actively managed. Holdings and weightings are subject to change daily and are provided for informational purposes only and should not be deemed as a recommendation to buy or sell the securities mentioned. Fund composition is based on net assets. Totals may not equal 100% due to rounding. Current performance may be lower or higher than the performance data quoted. Performance quoted is past performance and is no guarantee of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor’s shares, when redeemed, may be worth more or less than their original cost. Short-term performance is not a good indication of the Fund’s future performance and an investment should not be made based solely on returns. Performance is net of fees.

¹Distribution Rate: Distribution rates are calculated by annualizing the most recent distribution paid or declared through today’s date and then dividing by the market price on the last day of the quarter. The distribution consists of the sum of net investment income, net realized short-term capital gains, net realized long-term capital gains, and return of capital. Distribution rates may vary. Any distribution adjustment will not be reflected until after the declaration date for the next distribution. See the Fund’s 19a-1 Notices, if any, located under the “Tax Notices” section of the website for estimates of distribution sources. Final determination of the source and tax status of all distributions paid in the current year will be made after year-end.

²Managed Assets means the total assets of the Fund (including any assets attributable to leverage) minus the sum of accrued liabilities (other than debt representing financial leverage).

³Bloomberg Barclays U.S. Aggregate Bond Index.

⁴The inception date of the Angel Oak Financial Strategies Income Term Trust (FINS) was 5/29/19.

CREDIT QUALITY*

Ratings are subject to change. Unrated consists of corporate bonds that do not have ratings; total may not equal 100% due to rounding. Credit quality distribution is determined by public credit ratings, typically issued by Kroll Bond Rating Agency or Egan Jones who are the two most prevalent credit rating agencies for small cap financial debt securities. If more than one credit rating is presented, an average is determined. Fund holdings and sector allocations are subject to change and are not recommendations to buy or sell any security.
